2022

Dear Reader,

I would like to introduce myself as an applicant.

I am AWS certified and have completed several Web App projects under Company Partners while also working as a full time teacher and Grade Head of Muizenberg High School.

I am confident in my ability to quickly learn and adapt to new tasks. My current position as Junior Web developer at Company Partners has taught me so much and I look forward to any new experiences.

Thank you for reading this cover letter and I look forward to your response.

Sincerely,

Stian Stander
